MAH JONGG PLAYERS

Mah Jongg is played every Thursday from 1 pm to 4 pm. If you are unfamiliar with the game, this could be a great time for you to learn. We play the American Version which is comprised of tiles and sometimes classified as a domino game. It is easy to learn and fun to play. If you would like to join the group or would like to learn how to play, please call Tina Baker at 642-2946.

BOCCE AT THE RESERVE CLUB

Bocce for the average player is very simple. There may be anywhere from two to four to eight players on a team. Each player is given two balls (boccia). Each player must then take turns rolling (lagging) the ball toward the pallino ball (the smallest ball), which has already been thrown onto the field. The players are given points for the balls thrown closest to the pallino ball. Players may also throw on the fly (volo), striking the ball to move the point ball. Balls, including the pallino, may also be displaced by the balls of other players. Contact Joe Deluca (649-5610) if you are interested in playing or learning how to play bocce.

CROQUET ANYONE

Have you tried Croquet? It's a great way to meet new people. No experience is necessary, and all equipment is furnished by The Club, and you will have a lot of laughs learning the game! It is something husbands and wives can do together. We are an informal group whose main objective is to have a good time together. Come join the fun Saturday mornings at 9am on the Croquet Court behind the Clubhouse. Our games last about 1 and a 1/2 hours with socializing at the bar after the game. Call Ed Geehan at 644-8658 or Jim Pierce at 649-2810 to join us.

GOLF COURSE NEWS & NOTES

SUPERINTENDENT'S CORNER

Hello Members,

The fall months are just around the corner and with fall comes overseeding. This month I want to go over our overseeding dates and other key events that will take place this fall. Overseeding of The Reserve course and club area will look very similar to the past two seasons. All club house grounds and areas at the driving range tee/complex area will be overseeded. We also plan to overseed all fairway contours and identify any tees which we may not overseed. Certain tees lack receiving enough sun light and have had issues with poa annua, while others just receive so little play.

In addition, I am pleased to announce that we will also overseed Hollow Creek this fall to enhance the playing conditions throughout the winter months. It will take on a very similar look as The Reserve course. Fairways will be overseeded in addition to all par 3 tees. On our par four and five holes, we will only overseed the red, white and blue tees. Below is a list of all the dates for you to add to your calendar. These dates may be adjusted due to weather.

Reserve Club Overseeding

Tuesday, October 13th thru Monday, October 19th (Course Closed)

Re-open October 20th

Cart path only October 20th to October 30th

Spike Reserve greens October 13th

Hollow Creek Overseeding

Monday, September 14th thru Monday, September 21st (Course Closed)

Re-open September 22nd

Cart path only September 22nd to September 30th

Spike Hollow Creek greens October 19th

Club House Grounds and Driving Range Tee

Monday, October 5th

We will use a temporary driving range tee October 6th thru October 19th

Normal teeing area to re-open October 20th

A successful overseeding requires a lot of hard work. There will be a need to keep the seed wet for several days so our irrigation system will be running some during the day time. We will do our best to work around our members so not to disturb you while you play. We will need to keep carts on the cart path for the first 10 days following the seeding to limit the seed from tracking to non-overseeded areas. Handicap flag users will be asked to keep all cart traffic off of fairways during this time. Thank you for your help and see you on the course.
